Rapeseed Meal

Key Features: Light Brown Meal

Pack Size: 25kg

Whole Rapeseed is pre-cleaned, dried, flaked, cooked and pressed to remove the majority of oil, followed by a solvent extraction to remove most of the residual oil. The solvent is then removed, leaving a friable high protein meal.

Analysis	
Dry Matter (%)	88.5
Protein (%)	35.0
Oil (%)	1.80
Fibre (%)	11.50
Starch (%)	7.50
Sugar (%)	1.40
Ash (%)	7.00

Detailed Typical Analysis			
Calcium (%)	0.60	Lysine (%)	2.00
Magnesium (%)	0.40	Methionine (%)	0.70
Phosphorus (%)	1.00	Cystine (%)	0.55
Potassium (%)	1.40	Threonine (%)	1.50
Sodium (%)	0.02	Tryptophan (%)	0.44
Salt (%)	0.10		

Storage Conditions: Store in cool dry conditions away from direct
