

TARGET

DEXTROSE MONOHYDRATE

Key Points:

- ✓ A natural sugar

Product Description

Purified and crystallized D-glucose, containing one molecule of water of crystallization.

Physical Properties

Colour: White Crystalline Powder.
Flavour: Sweet
Odour: Odourless

Chemical Values

Loss on Drying	9.1% Maximum
Dextrose (D-Glucose)	99.5% Minimum.
Specific Optical Rotation	52.5 - 53.5 degrees
pH in Solution	4 - 6
Sulphated Ash	0.1% Maximum
Resistivity	100 kOhm. cm Minimum
Particle Size - Residue on 500 Mic	10% Maximum

Microbiological Values

Total Count	1000/g Maximum
Yeasts	10/g Maximum
Moulds	10/g Maximum
