

TARGET

Piglet Booster

Key Points:

- ✓ Milk powder based super starter for piglets.
- ✓ Good quality protein source.
- ✓ Useful when an additional milk source is required.

Product Description

Milk powder based super starter supplement for piglets. Use as a supplement feed when an additional milk source is required or for piglets requiring enhanced nutrition. Carefully formulated with a unique blend of milk powders, breakfast cereals, highly digestible protein sources, glucose, oils, vitamins, minerals, and trace elements.

Feeding Guidelines

Mix with warm water initially to produce a gruel and gradually make a stiffer porridge (by adding less water) as piglets grow. Advance onto Target 275 and then onto Target 3 as pig grows.
