

TARGET

RAPESEED MEAL

Key Points:

- ✓ High Protein Meal

Product Description

Whole Rapeseed is pre-cleaned, dried, flaked, cooked and pressed to remove the majority of oil, followed by a solvent extraction to remove most of the residual oil. The solvent is then removed, leaving a friable high protein meal.

Analysis

| | |
|----------------|-------|
| Dry Matter (%) | 88.5 |
| Protein (%) | 35.0 |
| Oil (%) | 1.80 |
| Fibre (%) | 11.50 |
| Starch (%) | 7.50 |
| Sugar (%) | 1.40 |
| Ash (%) | 7.00 |

Detailed Typical Analysis

| | |
|----------------|------|
| Calcium (%) | 0.60 |
| Magnesium (%) | 0.40 |
| Phosphorus (%) | 1.00 |
| Potassium (%) | 1.40 |
| Sodium (%) | 0.02 |
| Salt (%) | 0.10 |
| Lysine (%) | 2.00 |
| Methionine (%) | 0.70 |
| Cystine (%) | 0.55 |
| Threonine (%) | 1.50 |
| Tryptophan (%) | 0.44 |
