

TARGET

## SOW BREEDER NO11

**Key Points:**

- ✓ High specification sow premix.

**Product Description**

Target Sow Breeder No 11 is a high specification sow premix designed to meet the requirements of the breeding sow through gestation and lactation. Providing high levels of vitamins, minerals and trace elements to help meet the total nutritional requirements of the sow.

Can also be used as an ideal vitamin and mineral premix for Grower & finisher pig diets.

This should be mixed at 2% of the ration, estimated at about 50g-100g per sow daily.

This can be formulated to meet your individual requirements.

**Composition**

Limestone, Mono Calcium Phosphate, Salt

**Trace Elements (source in brackets)**

3b103	Iron	(Ferrous Sulphate Monohydrate)	5,000.00 mg/kg
